

Priority Determination between fishers using Prawn Running Nets

Shots as Determined 1 October 2026 – Coila Lake to Middle Lake

In accordance with Division 3 of Part 7A of the Fisheries Management (Estuary General Share Management Plan) Regulation 2006 the following fishers have been determined as having rights of priority in the setting of Prawn Running Nets between fishers working on the waters to which this Division applies for the fishing period 1 October 2026 to 30 September 2027, unless sooner revoked. This determination applies to fishers using both staked and/or non-staked (puddling) prawn running nets.

The location of fishers (by name) determined as having priority to Prawn Running Net shots for the fishing period are shown below and illustrated on the attached maps.
